Your Full Name

Senior Security Engineer · Cloud & Application Security

you@email.com +49 170 000 0000 Berlin, Germany LinkedIn GitHub Blog

PROFESSIONAL SUMMARY

Security engineer with 8+ years of experience across **application security**, cloud infrastructure, and **detection & response**. Proven track record of building security programmes from the ground up, leading cross-functional teams, and reducing organisational risk through **automation, threat modelling, and DevSecOps** integration. Passionate about **AI-augmented security** and open-source tooling.

WORK EXPERIENCE

Senior Security Engineer Jan 2022 – Present 3y 3m Hybrid
Delivery Hero SE, Berlin

1 Promotion 2 Awards 6 Hires Made

- Led the **D&R programme**, reducing mean-time-to-detect by **40%** through SIEM tuning and automated playbooks
- Built and managed the **AppSec pipeline** — SAST, DAST, SCA — for **200+ microservices** across 15 squads
- Drove **NIS2 compliance** readiness; authored risk assessments adopted company-wide
- Hired, onboarded, and **mentored 6 security engineers** across 3 sub-teams

PROJECTS & OPEN SOURCE

Cloud Sentinel

2023

Open-source **multi-cloud security posture** management tool. Scans AWS, GCP, Azure for misconfigurations against CIS benchmarks. **1.2k stars**, used by 50+ orgs.

GoAWS SDKGCP APITerraformCIS Benchmarks

Threat Hunt Notebooks

2022

Curated **Jupyter notebooks** for threat hunting across cloud environments. Includes **MITRE ATT&CK** mapping, KQL/SPL templates, and visualisation dashboards.

PythonJupyterKQLMITRE ATT&CKPandas

DevSecOps Pipeline Starter

2021

Boilerplate **GitHub Actions** & **GitLab CI** templates integrating SAST (Semgrep), DAST (ZAP), SCA (Trivy), and secret scanning with **Slack alerting**.
